

CoEnzyme Q10 (30 mg)

A crucial antioxidant in a reliable delivery form.

The heart muscle, periodontal tissues, immune system, liver, kidney, brain, and other vital organs require coenzyme Q10 (CoQ10) to supply energy through ATP activation and to help protect them from free radical damage. Illness, aging, poor nutrient intake, and use of certain medications can result in inadequate endogenous production of CoQ10 to sustain optimal organ function. These convenient softgels supply 30 mg of pure coenzyme Q10, a fat-soluble nutrient, solubilized in a base of rice bran oil and vitamin E, also a fat-soluble nutrient. Only pure, 100% natural trans coenzyme Q10 produced through a pharmaceutical manufacturing and extraction process is used in our Labs supplements.

Suggested Use: 1 to 2 softgels daily with food.

CQ30 60 softgels **\$20.00**

Supplement Facts		
Serving Size 1 Softgel		
Amount Per Softgel		% Daily Value
Vitamin A (as natural beta-carotene from <i>D. salina</i>)	1,295 I.U.	26%
Vitamin E (as natural mixed tocopherols) from soy	30 I.U.	100%
